Reason for Allowance

1. The following is an examiner's statement of reasons for allowance: None of the prior art of records teach or suggest in combination a method of operating a content distribution network switch in a content distribution network comprising:

Extracting information from the packet to identify a cache server in the content distribution network that maintains state information on the secure communication connection, wherein the information extracted from the packet comprises a session identifier used to compute a label identifying the cache server; directing the packet towards the identified cache server; wherein the label identifying the cache server is computed from the session identifier by a function $f(\text{SID})$ where SID is the session identifier; and wherein the function $f(\text{SID}) = \text{SID} \bmod n+1$ where n is the number of cache servers that can store the state information on the secure communication connection.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip C. Lee whose telephone number is (571) 272-3967. The examiner can normally be reached on 8 AM TO 5:30 PM Monday to Thursday and every other Friday.
